

NEW MEMBERS were inducted into National Honor Society last Friday at Lincoln-Way high school. Left to right they are: (seated) Mary Ann Otto, Judy Werner, Mary Lou Gertenrich, Juanita Hansen, (standing), Janet Geuther, Jim Walch, Karen Weems, Nancy Beedle and Christine Wiese.

These seniors all met the primary requirement of holding a scholastic average of B. All candidates were evaluated by the faculty for their ratings for character, leadership and service. (L-W Photo)

N. Lenox Lions To Again Play Santa For Needy

The New Lenox Lions club, following a custom the members have followed for many years, will again distribute Christmas baskets to needy families in the area.

Besides food and necessities the baskets will also include toys and candy when destined for homes where there are children.

This action has always been a worthwhile endeavor of the New Lenox Lions as it makes Christmas possible for families who otherwise would not have one.

Funds for the operation this year, as in the past, will come from a windshield wash project. This year it will be held Dec. 9, at the intersection of U.S.

30 and Cedar road.

The Lions also would appreciate any donations of toys or clothing in good condition -- fairly good condition is the way it is phrased in a publicity release but the club doesn't want to give anything that might disappoint a child who doubtless has already had too many disappointments, one of the members said.

People who do have donations are asked to call the club president, Ronald Vondrasek, Huxley 5-4374, and he will arrange to have them picked up.

The New Lenox Grade school PTA is participating this year by asking each pupil to bring one item of canned goods. These will be added to the baskets.

32 Carpenter St. School Pupils Make Honor Roll

Eleven pupils in the Carpenter Street school of Mokena have won places on the high honor roll for first quarter and 21 are on the honor roll, it was announced by William Donaldson, principal.

So many points are allowed for major subjects and a lesser number for minor subjects, Mr. Donaldson explained. The total number of points to be obtained by sixth and seventh grade pupils is 65. Because there is one less subject in the eighth grade the total number of points one may make there is 57.

To be on the high honor roll one must have between 53 and 57 in the eighth grade and 48 and 52 for the honor roll; in the sixth and seventh grade 61 to 65 points are needed for the high honor roll and 56 to 60 for the lower roll. No one is considered for the honor roll if he has below B in department.

Those on the high honor roll for the first quarter are: Maureen Carlson, Ricky Erwin, Kathy Haislet, Steve Ihde, Linda

Istel, Roxanne Knahmuh, Roberta Lang, Tim Ricketts, Pamela Schutte, Valerie Tuttle and Joan Yunker.

Honor students are: Edward Barnett, Debby Benson, John Butlow, Randy Dixon, Marla Fant, Linda Helgersen, Dennis Jones, Rosanne Kruzick, Dorothy Omland, Jeffrey Raske, Kathleen Rauch, Bonnie Saxton, Michael Shewski, John Sluis, Linda Soderberg, Scot Stewart, David Sylvester, Cynthia Vredenburg, Laura Vredenburg, Ken Warning, and Janice Zabelka.

Girl Suffers Broken Jaw When 2 Area Cars Collide

Five area residents were hospitalized last Saturday night (Nov. 17) as a result of a two-car collision at Francis and Regan roads, about two miles west of

Mokena. Walter Hentsch, of Oakbrook in New Lenox township, had halted on Regan road, waiting for a car west bound on Francis road to clear the curve. The driver of the west bound car, Mrs. Barbara French, Francis road, was quoted by State Trooper William Greenwood, that she was blinded by the lights and ran head-on into the waiting car.

Mr. Hentsch and a daughter, Susan, 14, a freshman at Lincoln-Way high, were thrown against the windshield by the impact with such force that the glass was shattered. Donna Hentsch, 7, another daughter, in the back seat, was thrown against something possibly the roof, and suffered a scalp wound as a result.

Hentsch was severely cut about the head but he picked Susan out of the car and carried her to the Walter Kopp home, a short distance from the scene of the crash. Hentsch handed Susan in and then collapsed. Mrs. Hentsch and the other members of the family were uninjured.

The three members of the Hentsch family who were injured and Mrs. Williams and her daughter Barbara, 13, were all taken to Silver Cross hospital. There it was found that Susan had suffered a fractured jaw as well as cuts below her lip. Sixty stitches were required to close the cuts on Mr. Hentsch's forehead, and the cuts on Donna's head were sutured. All were admitted to the hospital but only Susan remains.

MAKE GIFT to Mokena postoffice. The Mokena Garden club has had some evergreens planted at the postoffice to brighten up the place a bit. The trees were furnished by Joel Johnson, in the picture, who operates a nursery at New Lenox. On the left is Mrs. Gordon Holleman, vice president, and on the right is Mrs. Donald Schofield, president, of the Mokena gardeners. The club furnished the funds for the trees and Mr. Johnson planted them. Mrs. George Mahalik, community project chairman, was unable to be present when the picture was taken. (Semmler Press photo)

Mokena PTA To Present Sketch Next Tuesday

The PTA will meet in the Carpenter Street school in Mokena on Tuesday, Nov. 27 at 8 p.m.

The meeting will open with a skit featuring Maj. George Rumbley, Mrs. Kay Schutte and Mrs. Marcella Layman.

The program will be followed by a discussion on Parent Teacher conferences. Jonas Lashmet of Lincoln-Way athletic department will talk about the value of Parent-Teacher conferences at Lincoln-Way. Mrs. Madeline Gregory, a teacher at the Carpenter Street school, will discuss the value of the accumulative folders that the school keeps for each child through his school years.

Mrs. Lyman Teague, Jr. will speak on the value she received from the Parent-Teacher conferences, as a parent.

Following the discussions there will be a question and answer period.

The room mothers for the sixth grade, Mrs. Elsie Helgersen and Mrs. Lucille Hostert, will serve refreshments.

Elect Mokena Man Director

Ronald R. Knakmuhs, 19805 S. Mokena St., is one of 44 men recently elected to membership in the Illinois Society of Certified Public Accountants by approval of the board of directors.

He is a graduate of Northwestern University and attended Joliet Junior College. With Arthur Andersen & Co., Chicago, Knakmuhs received his CPA certificate last February.

Frankfort Acts To Collect Old Water Bills

Water and sewer bills, zoning and annexation occupied the Frankfort village board for most of its session Monday night.

From time to time the village has found a number of water and sewer users to be delinquent in their accounts. Village Clerk Walter Pfaff reported that in many instances such delinquents are repeaters. Collecting these bills is a chore, Pfaff pointed out, but now the task has been simplified.

He was instructed to shut off the water at 14 homes Tuesday and from now on the board has decided not to wait but to proceed in similar fashion against all those who fail to pay their bills within the 45-day grace period.

In cases where people move out -- and in some instances such moves have been made at

night -- without paying their sewer and water bills a different procedure is used. Incidentally all water users, whether owners or tenants, are required to post a \$25 deposit as a guarantee for the bill. Sometimes this is sufficient and sometimes not. Where the deposit doesn't cover the bill and Pfaff can find out where the people have moved they are sent a notice by registered mail with return receipt requested, making demand for payment. If no attention is paid to the notice they are served with a court summons so that in addition to the amount of the bill which they ultimately pay is added court costs.

As a last resort -- in case it is a tenant who has moved -- the owner of the property is made to pay the bill.

Two annexation petitions

were presented to the council last night by Gerald Sanger of the S. & S. Sink Co., covering two 10 acre tracts -- one south of the village and the other west. Both petitions were granted and ordinances adopted.

The tract south of the village is just south of the E.J. & E. property and fronts and Center road. The prospective purchasers, James Gamble, of La-Grange, and Walter Drtina, of Western Springs, told the board they will petition the village zoning board of appeals to have the piece reclassified from F-1 to I-2, which is for heavy industry.

They were told by Mayor George Sangmeister that the board was opposed to any industry that would give off offensive odors or make a lot of smoke and dirt.

Drtina and Gamble assured

the board their business would not fall into such categories. They want to establish a steel fabricating plant, they explained, where they would use heavy lathes and do welding. They also expected to have stock piles of steel and iron but no junk. Board members expressed themselves as satisfied that such a plant would be beneficial.

The other tract annexed is along Route 45 north of the new home of the S. & S. Sink Co. Sager wants to have this piece zoned for light industry.

The village board concurred in the finding of the zoning board of appeals which approved the petition of Dr. Thomas Cunhouse, veterinarian, for a change in classification of two lots on U. S. 30, east of U. S. 45, from B-1 to I-1 to permit him to have a kennels and small animal hospital there.

The request for a building permit for remodeling the Warning Chevrolet building to include a body and paint shop was granted by the board. Glenn Warning, one of the firm, accompanied by their attorney, August Santoro, told the board they wanted to put in the shop to take care of the work of their customers and they had no intention of hauling wrecks from highways nor fill adjacent streets with wrecks. There had been some objections voiced previously.

Most of the equipment, including a filing cabinet, safe, typewriter, a window fan and numerous other items that the village has been using for years was all paid for by the clerk, out of his own pocket. Monday night Pfaff sold it all to the board for \$223.

Lincoln-Way To Observe College Night Nov. 28

Juniors and seniors at Lincoln-Way high school will have an opportunity to visit with representatives of nearly 40 colleges and universities when the sixth annual college night is held next Wednesday, Nov. 28. All members of the junior and senior classes who are interested in going to college are invited to bring their parents and attend this conference.

The evening session will open with a browsing period from 7:30 to 8 o'clock in the all-purpose room. This will be an informal meeting of students, teachers, parents and college counselors.

Students have indicated their choice of colleges thru their guidance groups and the remainder of the evening will be spent in visiting with the representatives of the various colleges. The first group conference will begin at 8 o'clock and the following two conference times will begin at 8:30 and 9:00. Coffee will be served by the Future Nurses club and hostesses for the evening will be members of the Future Teachers club.

Colleges and universities to be represented on college night are:

United States Air Force Academy, Beloit college, Blackburn college, Bradley University, Carroll college, The University of Chicago, Cornell college, Central YMCA Junior college, Dartmouth college, University of Denver, University of Dubuque, Elmhurst college.

Eastern Illinois University, Eureka college, Illinois college, Illinois State Normal University, University of Illinois, Joliet Junior college, Lewis college, Loyola university, Mac Murray college, Michael Reese hospital, Missouri Valley college, Morningside college, Illinois Wesleyan university, Iowa Wesleyan college.

Mount Sinai hospital, North central college, Northern Illinois University, Northwestern university, Presbyterian - St. Luke's hospital, St. Ambrose college, St. Joseph's college, St. Xavier college, Valparaiso university, Washington university, Western Illinois university, and Westmar college.

Seeks CD Director

The village of Frankfort is looking for a person to take on the job of civil defense director. There has been little interest in civil defense in the community in the past, it was pointed out, but with the Cuban situation what it is the public is becoming missile conscious.

There is to be a meeting of civil defense directors at Pershing school, Campbell and Midland avenue, Joliet, next Wednesday night, Nov. 28, at which most communities in Will county will be represented.

Whether Frankfort is represented will depend on whether a CD director is named by that date. Persons interested in this opportunity for public service may get in touch with Mayor George Sangmeister or any of the village trustees.

State Installs Flasher At Junction of 45 & 30

At Monday night's meeting of the Frankfort village board W. Leonard Patterson appeared to ask that body to join with the school board, the PTA and some other civic groups in dispatching a telegram to the state highway department everytime an accident occurred at the intersection of U.S. Routes 30 and 45.

Mr. Patterson said he had talked with state engineers and

informed that compared with other intersections this particular one appeared to be quite safe, according to the accident report. But they admitted that the accident report came in annually.

They also told him, Patterson said, that a flasher would be better at the Frankfort intersection than a stop-and-go light as the flasher would give warning of a four-way stop,

With a stop-and-go light, the engineers said, someone is always trying to beat the light and as a result a great many dead heats are run.

The village council was in accord with the move and agreed to lend the board's name for telegrams that might hasten action. Mr. Patterson said he had been told by the district engineer's office that it would check into situation and with

a view to taking action. Well, there will be no need of telegrams.

Tuesday morning a Chicago electrical contractor arrived at the intersection with wire and equipment for a red flasher signal and proceeded to install it. The Public Service Co. was slated to have the proper connection in and Police Chief Frank Simon had hopes that the light would be working yesterday or today.

LEGAL NOTICE

COOK COUNTY PERSONAL PROPERTY ASSESSMENT FOR 1962

This publication is the official notice to property owners of the 1962 personal property assessments made in the town and district indicated. RETURNS AND ESTIMATES THE LAW PROVIDES THAT, WHERE A PROPERTY OWNER FAILS TO RETURN A SWORN SCHEDULE LISTING HIS PROPERTY THE ASSESSOR OF COOK COUNTY MUST ESTIMATE ITS VALUE ACCORDING TO HIS BEST JUDGMENT AND INFORMATION, AND ADD THERE-TO A PENALTY OF 50 PER CENT. ASSESSMENTS RAISED ON ESTIMATES AND RETURNS HAVE EQUAL STANDING IN LAW.

The amounts herein listed are the assessed values of personal property as of April 1, 1962, as determined by the Assessor of Cook County.

The amount listed as the assessed value is not the tax. The tax may be determined by multiplying the assessed value

after it has been equalized by the Department of Revenue of the State of Illinois, by the tax rate in the Town and District in which the property is assessed. The Assessor has nothing to do with the equalization of values or the establishing of tax rates.

BASIS OF COMPLAINT ON ASSESSMENTS

Where a property owner has a specific claim of over or under valuation, complaint may be filed with the Board of Appeals in the County Building immediately after this notice.

INFORMATION ON ASSESSMENTS

Each property owner who has any questions in regard to the same, should inquire at the office of the Assessor of Cook County, Room 312, County Building; information will be furnished without cost.

Thanksgiving Is Marked By Many Family Feasts

LOIS CARLISLE
MOKENA 5253

Thanksgiving time is family time and this reporter spoke to only a small number of Mokenaites that enjoyed their Thanksgiving dinner with their families.

Rev. and Mrs. Robert Watson, pastor of the Mokena Methodist Church and their daughter Christine drove to Apple River, Ill. to visit Rev. Watson's family for the holiday. They also visited Mrs. Watson's father, Mr. Chester Pilsen in Kent, Ill.

The Wilbur Teske family spent Thanksgiving with Mr. and Mrs. John Funk, Sr. on St. Francis Road. Other guests attending were Mr. and Mrs. John Funk, Jr., Mr. and Mrs. Wm. Funk, Mr. and Mrs. Tom McCauley and family and Mr. and Mrs. Carl Ginder and family.

Mr. and Mrs. Robert Teske enjoyed their turkey dinner at the home of Mrs. Teske's sister, the Gene Zortmans in Frankfort. Mr. and Mrs. Vernon Hanson, Mrs. Teske's parents and her sister Mrs. Le Roy Hanson were also guests.

Wilbur Teske was the guest of Mr. and Mrs. Norman Yunker in Peotone. The Yunkers daughter Sandy is Wilbur Teske's fiancée.

The Harold Spiess' entertained their family on Thanksgiving. Their son and family, the Gordon Spiess', their daughter and family, the Raymond Bausors of Blue Island and Mrs. Emil Breithauer were there.

The Al Bilotti family enjoyed their turkey dinner with Mr. Bilotti's parents, Mr. and Mrs. Emil Bilotti from Midlothian as their guests.

Weitendorf Detachment Hearing Set For Dec. 11

A new hearing on a petition asking that approximately a mile square area be detached from the Weitendorf school and attached to the Mokena grade school district, has been set for 7:30 p.m., Dec. 11, by the Will county board of school trustees. The hearing will be at the courthouse in Joliet.

A similar petition was filed with the school trustees last summer. Because of an error in the description of the area involved the trustees dropped the matter. Paul Thurlow, of Broadwood, a school trustee who is a lawyer, took the position that the board could not go on with the hearing when it knew the petition was invalid on its face because of the faulty description. On his motion, seconded by William Gray, of Joliet, the petition was dismissed.

But dismissed in this fashion it could be brought up again in less than a year, and it has been. The petitions were filed by Robert Fuley and his wife, Jean.

The Fuleys want their children to attend the Mokena grade schools, and apparently other

parents have similar views since they have signed the petition.

The Weitendorf district is No. 154. The Mokena district is No. 159. Weitendorf has some 30 pupils enrolled while more than 400 attend classes in the Mokena public schools.

The Weitendorf district has a tax rate of 67.2 cents per \$100 of equalized assessed valuation and a bonded debt of \$17,000. The tax rate in the Mokena district is \$1.232 per \$100 of equalized assessed valuation and the bonded debt is \$206,000.

This second petition was filed early this fall but before the trustees set any hearing date they had the petition checked by the state's attorney's office. Also this time the petitioners hired an attorney of their own to guide them in preparing the petition. The territory involved lies south of Mokena and north of U. S. 30 off Wolf road.

The hearing on Dec. 11, which is a Tuesday, will be held in the supervisors room at the courthouse and, of course, is open to the public.

Disciplinary Action At Schmuhl Stirs Debate

Disciplinary action taken by the principal of Schmuhl school a couple of weeks ago has stirred considerable discussion in the district and yesterday there was a meeting of the principal, the school directors and County Supt. Verne E. Crackel.

This paper went to press before the outcome of yesterday's conference was announced but all indications were that the principal, Clarence Day, of Park Forest, being advised to use some other means of preserving discipline in the future.

Day had two boys who had

he found there was a third boy involved. He was set to work washing the backboard. This occurred Nov. 7 or 8.

Last week the mother of one of the boys involved complained to Supt. Crackel.

Opinion on the incident is divided. The mother of one of the other boys involved had nothing to say other than that she thought the school was being well run this year and that Day was a good teacher. The father of the third boy was quoted in a Chicago daily as saying he thought the incident "had been blown up out of all proportion."

Other parents have been defending Day. They point out

WHEN IS AN AUDITORIUM not an auditorium? When it is a classroom, is the answer at Lincoln-Way high school, and that is most of the time—or four out of seven periods a day. The auditorium has been a lifesaver this year, it was pointed out by school administrators, as without it the school would have

that discipline at the school had been poor prior to the hiring of Day this year. The school is being run properly this year they say.

"You can't have the kids running the school," one parent declared.

There are factions in the district—some favoring merger with the New Lenox grade school district and others determined to remain in the present district. There is also a division because of differences among the directors, it was said. And all of these elements are said to be reflected in the post case debate.

"There's a lot of politics in this," one father declared.

Mrs. Don C. Hall Dies After Highway Accident

Mrs. Merle Hall, 79, of Mississippi City, Miss., formerly of Mokena, died Monday, Nov. 19, in a hospital at Boonville, Miss., where she was taken Saturday following a highway accident.

Mrs. Hall and her husband, Don C., Jr., were enroute Mokena to spend Thanksgiving with their daughter, Alva, Mrs. James Cullotta. Details are lacking but from information received at Mokena the couple became involved in a collision near Boonville in which a farm tractor figured.

The Halls car was demolished and while they escaped with only a few lacerations and bruises both suffered considerable shock. They were held for observation and on Monday morning Mrs. Hall got out of bed only to collapse. Death followed within a few minutes.

The Halls came to Mokena in 1923 and lived there many years. They were show people. The father the late Don C. Hall, Sr. headed a repertoire company that toured the country in its own private cars and showed in their own tents, staging Shakespearean as well as modern dramas.

Merle Mogel was born in

Indianapolis, there were 11 children in the family. In her early youth she joined the Hall Family Show Co., as a musician. On Oct. 5, 1908 she and Don C. Hall, Jr. were married. They celebrated their 54th wedding anniversary last month.

After the elder Halls died the Doc. C. Halls moved to Mississippi City where they have since resided.

Besides her husband and the daughter mentioned, Mrs. Cullotta, Mrs. Hall is survived by a son Charles Don of Wheaton Md., and another daughter, Wanda, Mrs. Lester Scott, of Mississippi City; also nine grandchildren, eight great-grandchildren; three sisters and three brothers at Indianapolis, and a sister in Paducah Ky.

She was a member of the Methodist church at Mississippi City, the Order of the Eastern Star, and the Woman's Auxiliary of the Mokena post of the Veterans of Foreign Wars.

Funeral services are incomplete but it was tentatively decided that they would be held at Indianapolis with burial in the Hall family lot in the Stevens Point (Wis.) cemetery.

Indoor Circus At Frankfort

It will be circus day in Frankfort on Saturday, Nov. 24, when the Barger Bros. circus arrives for two performances at the Frankfort grade school gym under the auspices of the Band Boosters.

Heralded as the ultimate in indoor circus entertainment, Barger Bros. will live up to its billing, an advance man says, by presenting an outstanding array of stellar circus acts including Jon Friday, the star of stars on the flying trapeze, Carl Edwin and his race of the

flying saucers, the Austlands and their flying tops, the sensational Conleys with their rapid fire juggling, Miss Anita and her aerial adagio ballet, Miss Bonnie's canine revue and the internationally acclaimed clowns Pepito and Cha-Cha.

Two performances will be given; a matinee at 2 p.m. and an evening show at 8 p.m.

Donations for children are 60 cents thru eighth grade, and \$1 for adults. There will be no charge for pre-school children.

Former Green Garden Town Clerk, W.P. Jacobs, Dies

Walter Paul Jacobs, 73, a retired Green Garden farmer and former town clerk, died suddenly on Nov. 13 in his home following an apparent heart attack.

Mr. Jacobs was born in Green Garden and was a life resident of the area. He served two terms as town clerk. He retired about 10 years ago.

He was a member of the

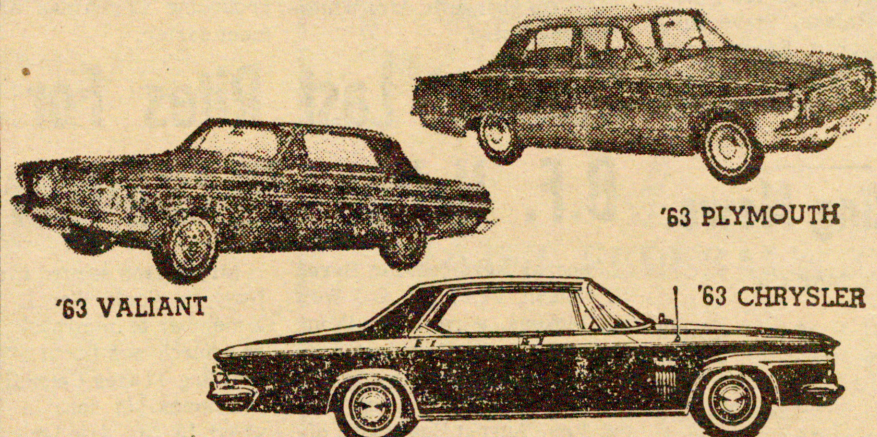

United Church of Christ in Monee.

Surviving are his widow, the former Amanda Eickman; a son, Everett, of Monee; two daughters; Mrs. Arletta Talmage and Mrs. Hazel Wisniewski of Homewood; seven grandchildren; a brother, George H., of Kankakee and three sisters; Mrs. Rose Beckmann of Joliet; Mrs. Ida Rehberg of Corona,

Calif., and Miss Lydia T. Jacobs of Peotone.

His parents, George B. and Minnie Jacobs and two brothers and a sister preceded him in death.

Funeral services were held last Saturday in the United Church of Christ in Monee, with Rev. A.W. Klumb officiating. Burial was in the Skyline Memorial Cemetery in Monee.

ABC Owes Nation An Apology

We don't know what the American Broadcasting Company sought to prove when it made its facilities available to Alger Hiss, spy and traitor, to loose his venom against Richard Nixon, distinguished American and public figure, and implacable foe of Communists and Communism.

We do know that by its act the broadcasting firm succeeded in insulting all American citizens in general and the veterans of American wars in particular by airing such a program on Veterans' Day. The company had advertised that it had planned a salute to the war veterans and then on the day of the broadcast suddenly switched, substituting in its stead "The Political Obituary of Richard Nixon." And for this the ABC bosses invited Hiss to participate.

Various veterans organizations have demanded an apology from the American Broadcasting Company for allowing such traitorous scum as Hiss to make a public appearance to vilify a patriotic American.

We think that ABC owes the entire nation an apology. Hiss had his day in court. We regret that he escaped with such a light sentence. He should have been hanged.

From the time Hiss was convicted, Reds, fellow travelers and pinkos have kept up an unremitting attack on Nixon. It became manifest at times in his campaign for the presidency and it appeared again in his recent campaign for the governorship of California.

And now the man that sold this country to the Reds, Hiss, is given an opportunity to join in the attack before a large audience.

We said we didn't know what the American Broadcasting Company sought to prove when it invited a liar and traitor to appear on a coast-to-coast hookup on Veterans day. We still don't know but would hazard a guess that if anything was proved it was that there are still places where a knucklehead can find employment at an executive's scale of pay.

Business & Finance

The stock market has shown a consistent advance which has been sustained with small setbacks in price averages. Quite a number of investors have been expecting a corrective drop in prices from present level, but the market has easily absorbed liquidations.

Just a few weeks ago, many of the brokerage office comments were very pessimistic. Now it is rather unusual to note a really pessimistic market appraisal.

One investment service which digests opinions of a number of such services, reports that improvement in investor sentiment may well lead to higher prices by year end. They also note that October auto sales were the highest of any month on record.

McGraw-Hill estimates of a 3 per cent increase in plant and equipment expenditures for 1963, was very good news. A number of analysts of industrial expenditures on plant and equipment, had been forecasting a decrease rather than increase in this vital area.

In a study of plant and equipment plans, very often the actual expenditures are greater than anticipated amounts. This is often due to a more optimistic view of the future by directors of industrial firms. Directors, like the rest of us, are subject to enthusiasms. However, industry usually tries to anticipate its business activity and prepare in advance, for changes and increases. Industrial history is replete with situations in which industrial firms tried to make production changes after the business picture had changed. Mistakes of this kind can be serious to firms involved.

Some investment analysts are pointing to the fact that quite a number of better grade common stocks now yield a return of from 4.5 to 5.5 per cent as against good grade bonds with yield of about 4 1/4 per cent. Such fixed capital obligations do not have the popular appeal of a few months ago when deflation rather than inflation was the vogue in financial comments. The word inflation in its popular meaning, is not as descriptive as the word erosion when referring to value of monetary units.

The announcement that our national financial statement will show a deficit of nearly \$8 billion as against the predicted surplus of about \$50 million. As has been pointed out quite often in this column, our expenditures on defense and other allied items, is made in Moscow. We are forced to checkmate enemy moves and without close regard to costs.

Some sources are again predicting dollar devaluation by early next year. We do not believe this is likely. Erosion of monetary units has been going on since the first unit was invested as a bookkeeping convenience. Such erosion continues steadily and usually at

a small annual rate except in periods of what we call depression. Such periods of depression are usually short in duration and the erosion of periods following the depression normally increase the rate of erosion to bring the curve back into normal trend. Letters To The Editor

Dear Sir:

BEG, BORROW OR STEAL

Free and honest elections are almost as impossible today as it is to perform "The Indian Rope Trick". There are many methods which are used to unseat or defeat candidates who do not subscribe to the policies of a socialistic, pacifist, power hungry administration. The majority of the votes are secured by hoodwinking the uninformed, buying votes with ambiguous promises, blackmailing political job holders or those who hold or expect to receive hand-outs from Washington in the form of contracts. These are a few of the tricks of the campaigner's art. The cooked political machines are depended upon to deliver the coupe de maitres, by actually stealing the necessary votes needed to elect the fair haired boys.

Our present administration is steered, directed and advised by an intellectual elite group of socialistic thinking liberals. On Second Thought

By GLENN F. LOGAN

Thanksgiving day. And we hope that for each and everyone one of you it is a happy one -- as happy as it can be.

Thanksgiving day is a time of feasting, of fun, and of family. Most of all it is a family day. It is a day of homecoming for family members scattered about the country.

It is a day of reminiscence and relive some of those precious moments that is the heritage of every family. Each family has many memories -- some bright, some sad. But then tears and laughter are never far apart.

There was a time -- now how does that verse go? -- "Over the river and thru the woods, to Grandmother's house we go..." Something like that. Anyway, if one could get out to country on Thanksgiving that is where one went, and it was quite a trip -- first a train and then a horse drawn conveyance -- wagon, surrey or sleigh, depending upon the number of guests and the condition of the roads.

Now one slides behind the wheel of his Worry Eight and away he goes, confident that the roads will be open and if there is snow his snow tires or chains will take him thru.

On the other hand if Grandmother lives in the country it may be that she will elect to go to the city to spend Thanksgiving with her children. But thanks to the fact that grandmothers have remained pretty much the same over the years she prefers the role of hostess to that of guest.

There are many families today who go out for their Thanksgiving dinner to get away from the work that the preparation of a big meal entails. And there is this to say for it -- there are no dishes to wash afterwards. On the other hand there are no pieces of turkey nor other tidbits in the kitchen for snacks that evening or the next day.

It is fine to dine out on Thanksgiving -- if one does it from choice. But there is something sad about seeing people in hotels and restaurants on such an occasion because they have no other place to go.

It is even sadder to think that with all our riches, our high standard of living and our lavish from power, this unholy group of constitutional traitors, we shall soon be addressing each other as comrade. It is the duty of every freedom loving patriot to learn enough about the two major parties and their policies to enable them to awaken "Those who sleep" and convince them that voting Democratic is virtually, "digging their own graves".

We must start our campaign now or never. Organized study groups can be started but should be built around existing Republican clubs. There may be some among us who are lukewarm or even camouflaged Democrats, do not kick them out should such be discovered. There is no one so holy as a reformed sinner.

Study, work and talk as though YOUR LIFE depended upon it, because it does.

Patriotically yours, HENRY W. HICKS, Orland Park, Ill.

Hints For Homeowners

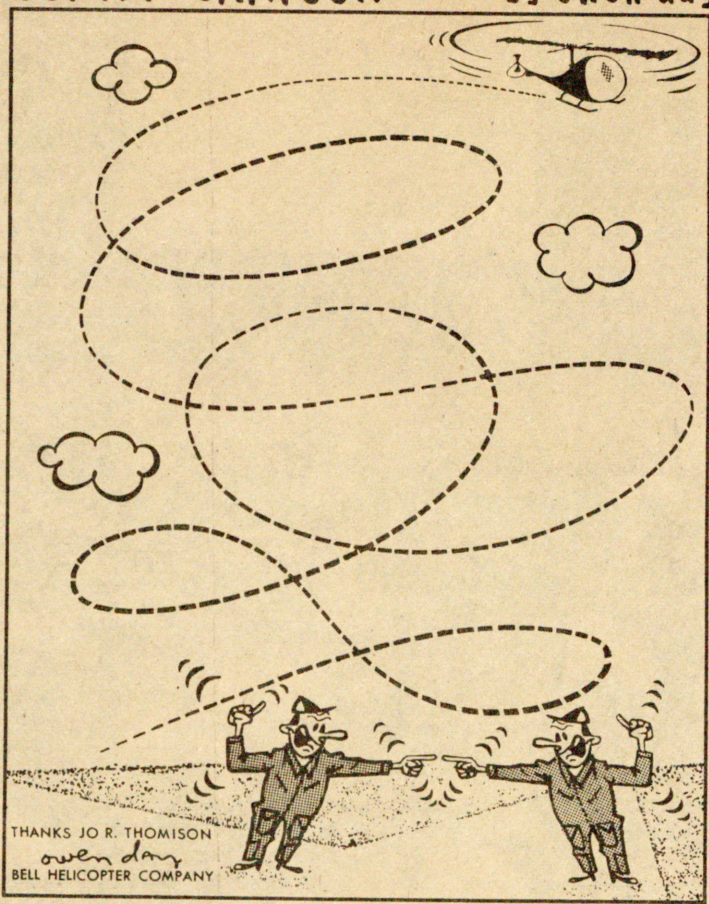

BY: JAMES FIZZELL, ASSOC. FARM ADVISER

With the coming of the holiday season your household will be receiving flowers either as gifts, or for everyday use as decorations. There are few things which will brighten up a room or lend a friendly atmosphere as well as fresh flowers. Every florist uses all means available to him to get your flowers to you in the best possible condition, but it is up to you to take proper measures to insure maximum life of the flowers.

When cut flowers are received, cut off about one inch of the bottom of the stems and immediately immerse them in warm water. If possible, the flowers should be put in a cool place for a couple of hours until they pick up water. Recent research has shown that treating water so that it has the proper acidity, some sugar as food for the flowers, and something to prevent bacterial growth, will often double the cut life of such flowers as roses and carnations. Florists use ready made floral preservatives and often provide a small envelope of the material with cut flower deliveries. You can get floral preservatives at your neighborhood florist the next time you stop in.

FRESHMEN: Nancy Carlson,

contributions to the needy of foreign lands that we have people who plain don't eat on Thanksgiving because they don't have the means or any invitation to share the bounty of others.

We like Thanksgiving and hope it continues to be enjoyed as a separate and individual occasion and not become a mere curtain raiser for the commercial celebration of Christmas.

For a number of years now in the large cities Thanksgiving has been set aside as the day for the merchants Christmas parade and some store clerks are beginning to look on Thanksgiving as merely the beginning of the count down to the day when they begin working nights to accommodate the Christmas shoppers who always seem to find time then to make their purchases during the daytime store hours.

So far none of the stores have started keeping open on Thanksgiving day to usher in the Christmas shopping season and we hope Thanksgiving continues to remain a day for families to get together and enjoy themselves.

So a happy Thanksgiving for each and every one of you -- as happy as it can be.

Three Manhattan 4-H's Win State Competitions

Highlights of Will county's 17th annual 4-H Achievement Night included the announcement of a National 4-H Club Congress delegate and other special awards. Many 4-H members, parents, and leaders attended the annual 4-H event which was held at Lincoln-Way High School, Saturday, Nov. 17.

Selected as a state delegate to the National 4-H Club Congress was Dale Meyer, Manhattan. Dale, son of Mr. and Mrs. Lawrence Meyer, will attend the national 4-H event as the state 4-H swine project winner.

Will county also had the Illinois 4-H dog project winner and Illinois 4-H dairy foods demonstration winner. Miss Judy West, Lockport, was named as the state's top 4-H dog project winner, while Miss Janet Johnson of Manhattan was the state's top dairy foods demonstrator. A representative of Ralston Purina, national 4-H dog project award sponsors, presented a watch to Judy. Janet also received a watch and her demonstration was submitted for national honors. Will county also had the state's two 4-H citizenship winners. Presented with 25 dollar savings bonds in memory of E. I. Pilchard were Ralph Jackson, Wilmington, and Miss Lynn Spencer, Lockport.

Alan Heatherwick, Frankfort, and Miss Jean Ann Meyer, Manhattan, received the Joliet Herald News Publisher's Award for their outstanding 4-H work. The award is presented annually by John F. Lux, publisher. A 4-H jacket was awarded to Bruce Thompson, Peotone, for his 4-H electrical work. Jean Ann Meyer, Manhattan, was the 4-H electrical trip winner. Both awards are sponsored by the Illinois Farm Electrification Council. Will county had the highest number of 4-H Key award winners. George Woodcock, New Lenox and Richard Reiser, both of Cities Service, presented the awards to the winners. The ten were Paula Baumann, Plainfield; Cheryl Eaton, Elwood; Alan Heatherwick, Frankfort; Joyce Heisner, Manhattan; Linda Lewis, Peotone; Dale Meyer, Manhattan; Ruth Ann Rainford, Frankfort; Martha Sharp, Elwood; Lynn Spencer, Lockport; and Judy Termuerde, Lockport.

Will county's Junior 4-H Key award winners were Kathleen Hack, Peotone; Jack Chestnut, Mokena; Bruce Wichtendahl, Peotone; Alan Mundt, Peotone; Nancy Greger, Plainfield; Sandra McCanna, Lockport; Diane Bettenhausen, Manhattan; and Jean Ann Meisner, Frankfort. This award for younger 4-H'ers is sponsored by the Will County 4-H Key Club.

County 4-H Alumni winners were presented their awards by

Lucian De Shong of Olin Mathieson Chemical Corporation, Dr. James Nadler, Peotone, and Mrs. Leslie Schaal, Wilmington, were the county 4-H Alumni Award winners. Selected as county delegates to the 1963 state 4-H junior leadership conference at Monticello were Veryl Lichtenwalter, Manhattan; William Rab, Mokena; Ruth Ann Baskerville, Manhattan; and Cheryl Eaton, Elwood. Alternates selected were Dan Gast, Manhattan; Billy Barr, Manhattan; Judy Termuerde, Lockport; and Ruth Ann Rainford, Frankfort.

The Danforth Foundation's "I Dare You" book awards were presented to Janet Johnson, Manhattan; Ruth Ann Rainford, Frankfort; Martha Sharp, Elwood; Lynn Spencer, Lockport; Billy Barr, Manhattan; Dan Gast, Manhattan; Veryl Lichtenwalter, Manhattan; and Martin Steiber, Crete.

Local 4-H clubs were also recognized at the county 4-H achievement night. The home economics 4-H club of the year was the Plainfield Guided Misses, while agricultural 4-H club of the year honors went to the Wesley 4-H Hustlers. Gene Malone, secretary of organization for Will county farm bureau, presented awards to the leaders.

The Wesley 4-H Hustlers also received recognition as the county's 4-H safety club. The club was also selected as one of the state's safety 4-H club. Mr. Mel Hubbel, representing Bill Jacobs Chevrolet and General Motors, presented the club's awards to the leaders.

Northern Illinois Breeding Coop district fieldman, Ken Swanson of Peotone presented 4-H jackets to five county 4-H dairy project members. The dairy 4-H'ers had cows that produced 400 pounds of butterfat in 305 days or less. Receiving jackets were Robert Homering, Frankfort; Roger Heldt, Beecher; Duane Temme, Beecher; Joanne Selk, Beecher; and Lloyd Christiansen, Frankfort.

First year achievement members were recognized as well as county and state 4-H project honor winners and outstanding members. The Will county 4-H Federation square dance team provided the evening's entertainment.

The Will County 4-H Federation also plans and sponsors the 4-H Achievement Night.

The 4-H program is the responsibility of the Will county farm and home adviser and their assistants. As representatives of the cooperative extension service of the University of Illinois, the county extension staff conducts an informal educational program within Will county. 4-H is part of this educational program.

Students, housewives, and others who plan to make extra cash by working during the pre-Christmas rush were advised to avoid possible delay by getting a social security account number now.

Harold Whiteside, district manager of the Joliet social security office, reminded students who have never had a social security number to apply for one without delay at their nearest social security office. Housewives should check their social security cards to make sure that the account is in their married name. If the card is still in the maiden name, application should be made to change it. Mr. Whiteside suggested.

Funeral services for Byron F. Nelson, 71, 195th and Wolf rd., Mokena, a retired building contractor, were conducted on Monday afternoon from the Immanuel Lutheran church with the Rev. August Bueltmann officiating. Burial was in St. John's cemetery, Mokena.

Mr. Nelson complained of not feeling well on Friday, Nov. 9. A physician was called and Mr. Nelson was taken to Silver Cross hospital, Joliet, where he died the following day.

He was born at Chicago, Aug. 30, 1891, and had been a resident of Mokena for 57 years. He was a building contractor there for 35 years, retiring six years ago when he turned the business over to his two sons, Warren and Wesley.

Mr. Nelson served in the U.S. Navy in World War I. He was a member of Immanuel Lutheran church and Local 174 of the Building Trades Council.

Besides his sons he is survived by his wife, the former Mabel Schiek, a daughter, Mrs. Eileen Stauffer, all of Mokena; two grandchildren; two brothers, Lewis, of Mokena and Lionel, of Evanston, and two sisters, Mrs. Grace Balaz, of Mokena, and Mrs. Ethel Walker, of Tampa, Fla.

Now Is The Time To Get Social Security Number

The key to the benefits which are paid to workers who retire, die, or become disabled is the number on your social security card. Any person who cannot locate his or her card should take immediate steps to make application for a new one by obtaining a form for this purpose at the nearest social security office or post office. The new social security card will have the same number originally assigned to the worker.

The competition for Christmas jobs is always hectic, Mr. Whiteside said. Having your social security card available will make finding cash-paying producing Christmas employment easier.

Conduct Last Rites For B.F. Nelson, Ex-Builder

Kindergarten Group Toy Pick-Up Set For Dec. 1

MRS. EDWARD HOVI
Mokena 5740

The Arbory Hills Kindergarten Organization will have their toy pick-up at the home of Mrs. Leonard Guntz of 9431 West Elm Avenue on Saturday afternoon, Dec. 1, from 1 to 4 o'clock.

These are the toys which were ordered at the Second Annual Toy Fair, held earlier this month by the Kindergarten Group.

At the time of the toy pick up, it will be necessary to pay the remainder of the purchase price due on the orders.

There have been two organizational meetings held at the home of Al Behnke to establish Lions International in Arbory Hills.

Bud Campbell of the Lions International in Coal City, has been present at these two meetings to explain the workings of the Lions club, and the necessary procedure in the establishment of a new club for Arbory Hills.

At the present time there are approximately twelve men who are definitely interested in participating in the organization. A minimum of fifteen members are necessary to establish a new club.

There will be another organizational meeting at the home of Al Behnke of 19531 South Beechnut Drive on the night of Nov. 30 at 7:30 o'clock. If there are any additional men from Arbory Hills who are interested in the formation of a Lions club in Arbory Hills, they are asked to contact Al Behnke at Mokena 5412.

The Summit Hill Parent-Teacher Group will have their Christmas Holiday program to be held Thursday evening, Dec. 13, at 8 o'clock at the school.

At this time there will be a presentation of a program of holiday songs by a choral group from Lincoln-Way high school under the direction of Tom Olson.

This is the third year in a row in which this choral group has entertained at the December meeting of the Parent-Teacher Group.

So that the members of the Choral Group will be able to leave early, the procedure of the December meeting will be reversed. The entertainment program will be given first, followed by the business meeting.

The executive board will act as hostesses for the evening's meeting.

There have been two organizational meetings held at the school to determine the amount

Other ranges may look as modern, but nothing cooks as modern as gas

Modern cooking means greatest convenience... only new gas ranges offer oven "controlled cooking" to cook food perfectly, then keep it warm and ready to serve for hours—automatically! Only gas ranges give automatic top burners with such accurate control of selected temperatures... make any cooking vessel, metal or glass, an automatic appliance.

Modern cooking means greatest speed... only gas gives you instant control with countless shades of heat between low and high. When you turn gas off, it's off—instantly—with no hang-over heat to raise kitchen temperatures.

Modern broiling means cleaner kitchens... only gas gives you truly smokeless broiling: you broil with the broiler door closed—the gas flame consumes greasy smoke that would otherwise escape into the kitchen.

Modern economy means more for your money... only gas ranges combine up-to-the-minute style and features with greatest economy and dependability to make your cooking simpler and surer than ever before! See the new gas ranges at your appliance dealer's or nearby Northern Illinois Gas Company Store.

Evening Class At L-W Completes Course On Electrical Wiring

The evening class in Electrical wiring Lincoln-Way high school, will have its last meeting next Thursday night, Nov. 29. This class was sponsored by the vocational agriculture department and taught by Robert Van Rheaden, Vo-Ag, instructor. The final meeting will stress safety in wiring and will feature a safety demonstration, "Farm of Hazards".

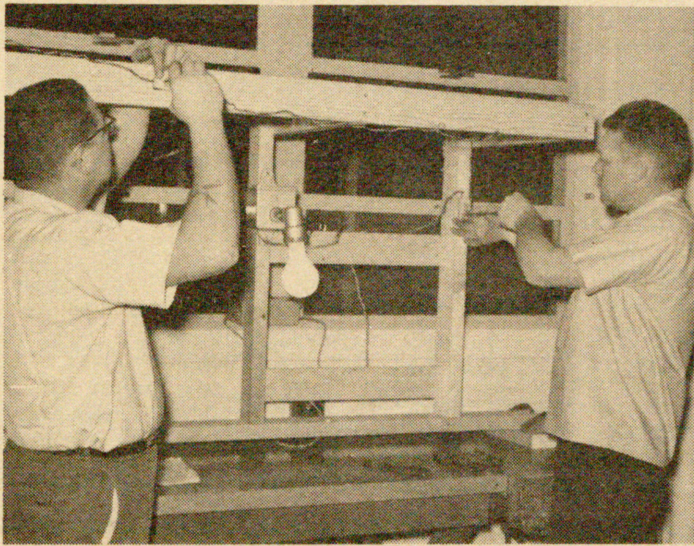

During this 10-week period, the National Electrical Code was used as the basis of all wiring exercises. The course was a practical one with most of the work done in the Vo-Ag shop. Practical exercises in wiring were conducted in situations comparable to actual building wiring.

Some time was spent with connecting up service entrance for 110 and 220 volt circuits, wiring fuse panels for 220 volt circuits and balancing circuits. Projects in remote control from multiple switches were a part of the course.

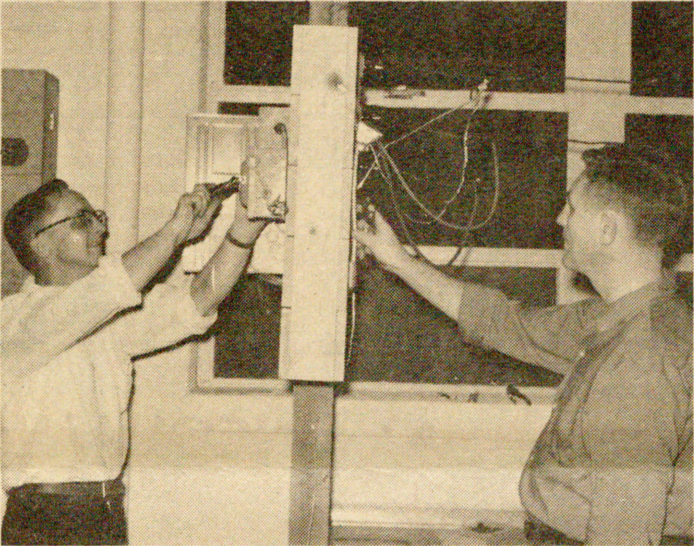

Plans are to offer the course again the fall semester next year. Those interested may contact Van Rheaden. The purpose of the course is to give a better understanding of electricity and to train students to know what proper electrical wiring is and how to make necessary wiring hook-ups in the home and on the farm.

JOHN FARRELL is hooking up an electrical light that is to be controlled from three different places by using 2 three-way and one four-way switch. This is one of exercises in the L-W Vo-Ag. Electrical wiring class. (L-W Photos)

ED, HILL and Wallace Yunker are just finishing a remote control yard light. This is a system of control by any number of switches located in any area where it is an extra convenience to have a control switch.

CHARLES WILLEY and Clifford Auth have just installed a service entrance and fuse panel for 230 volt electrical service as a part of their L-W Vo-Ag. electrical wiring course.

Teachers Study Writing Methods

Teachers of the New Lenox and Homer elementary schools participated in an in-service training program on teaching handwriting held at the Oakview school in New Lenox Oct. 29 and 30.

Miss Corinne Price, a handwriting consultant, of the Zaner-Bloser Co. was in charge of the training sessions. Included in the presentations were demonstrations of techniques used in teaching the fundamentals of handwriting at the different grade levels. Some time was

devoted to elements of handwriting instruction including posture, position of the hand, slant, letter form, speed, legibility, left handedness, readiness, individual peculiarities, and evaluation of handwriting.

A part of the second session was devoted to the methods, time, and procedures involved in teaching children to make the transition from manuscript writing to cursive writing.

Miss Price emphasized that artistic handwriting should not be discouraged, but that in many

Top Suburbs For August

(CNS) Orland Park zoomed into first place among 19 southwestern suburbs in the number of building permits issued in August compared with July, the Bureau of Census reports.

However, the number of permits issued by these communities dropped 47 per cent, down to 257 from 476 in July.

Orland Park was tops with 59 permits compared with only three the previous month.

Oak Lawn was runner-up with 39 permits. In July Oak Lawn had 50 permits and in August, a year ago it issued 28.

While Joliet remained in third place with 30 permits, Oak Forest moved into 4th place with 27 permits compared with fifth place and 21 permits in July.

Other southwest suburbs with the number of permits issued in August were: Robbins, 17; Evergreen Park, 12; Romeoville, Midlothian, and Worth, 9 each; Summit, 8; Blue Island, 7; Alsip, 6; Bridgeview, 5; Lemont, 5; Crestwood, Posen, 4 each; and Country Club Hills, one.

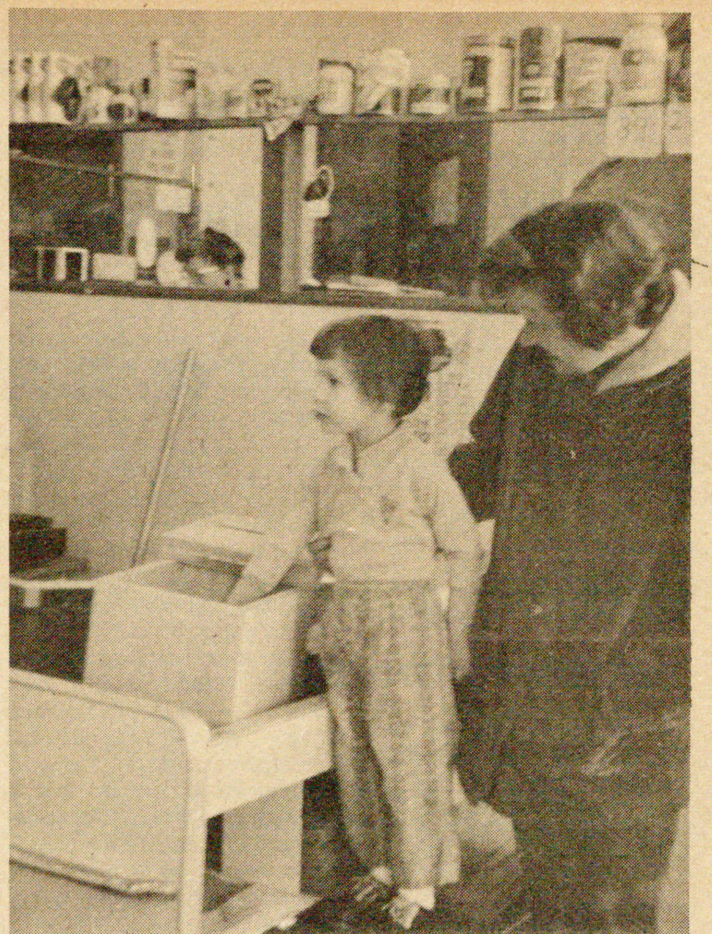

No data was available for Markham and Tinley Park.

These southwest suburbs are among the one-third of 10,000 areas in the nation which have a local building permit system. These 3,000 to 3,500 "selected places" accounted for more than 90 per cent of the nationwide permit-authorized construction in 1961.

MARINE PVT, Larry P. Colbert, son of Mr. and Mrs. Fred Colbert of 14931 Hale Dr., Orland Park, has completed four weeks of individual combat training, with the Second Infantry Training Regiment at Camp Pendleton, Calif.

The training provides newly enlisted marines with a background of experience in the field under combat conditions. Live-firing exercises are conducted, in addition to field trips and classroom lectures.

Woman's Club of Mokena Meets At Trinity School

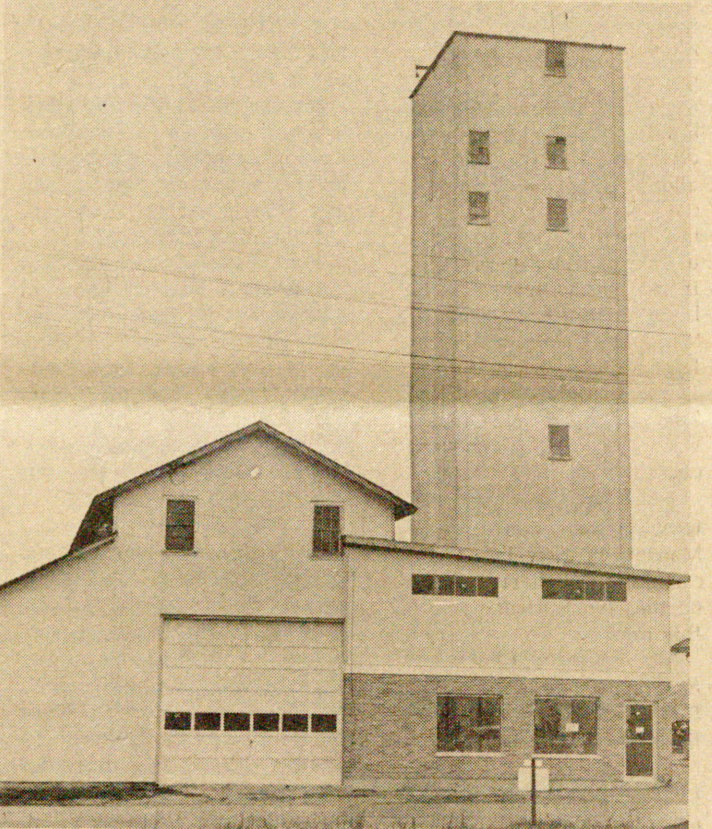

When members of the Mokena Woman's Club gathered for their November meeting at Trinity School on Gouger road, Mrs. Henry Brunings of Joliet, chairman of the board of directors of the school, addressed them. She conducted the guests on a tour, including the classrooms which showed handicraft items and progress made by the students.

At the refreshment hour Mrs. Robert Welsch of Joliet, served as hostess. She is the treasurer of the Tri-Ex League, which provides some of the financial support to the school.

On the club's busy agenda events will include guest night, Monday Dec. 10 at the Willow Crest school. The program will be under the direction of the music and art department.

It was voted on at a recent club meeting to send Christmas cookies to the Illinois Youth Diagnostic Center, Graytownship. Each member is asked to donate two dozen cookies and to deliver them to the home of Mrs. Willard Barenz by Dec. 15.

Twenty one members were in attendance at the club's November meeting.

Questions And Answers On L-W's Building Needs

Various questions have been addressed to the Parent Teacher Group of Lincoln-Way high school and to the school itself pertaining to the proposed addition to the plant.

At the request of the P.T.G. and other interested citizens the Lincoln-Way board of education has called for a referendum on a \$750,000 bond issue for the building of this addition. The bond vote will be taken on Dec. 15.

The questions and answers available this week:

How will the bonds be sold?

The sale will be advertised in the Bond Buyer and all major investment firms will be invited to bid. The sale will be by auction and open to the public with the low bidder securing the contract.

How are the building contracts awarded?

Any contractor will be able to submit a bid according to the specifications as submitted by the architects. There will probably be separate bids on how long before another addition is required?

Probably no longer than three years. Planning, elections, and construction always fall to keep up with the actual requirements. Usually about two years are required to complete these building stages. This present addition will not entirely be completed until Sept. 1964. It

is certain that the final addition to this present school should be completed by Sept. 1966 or 1967. Eventually a second high school will be required either on the present site or on another.

Does the proposed bond issue cover more than the proposed addition?

The \$750,000 should take care of the actual building, all necessary equipment and architectural fees.

What if the \$750,000 will not cover the lowest bids?

It is not expected to occur but if it should, something would either have to be eliminated or new bids secured.

Has the school board made any study of a new site?

No. Considerable thought has been given, however, to the possibilities on the present 70 acre campus.

What is the history of the present outstanding Lincoln-Way bonds?

The first issue of 1952 for \$1,200,000 is now approximately one-half retired. The total outstanding bonded indebtedness at the present time amounts to \$1,570,000. The legal limitation on bonded indebtedness is 5% of the assessed valuation. The new assessed valuation should be close to 50 million dollars which will insure an adequate margin.

Who is a qualified voter for

this election?

Anyone who is qualified to vote in any general election is qualified to vote in this school election. He doesn't need to be a registered voter in order to qualify. He should have lived in the state one year, in the county 90 days and in the school district 30 days.

Will absentee ballots be available?

Yes. Applications by mail will be received 5 days before the election and personal applications for ballots must be made 3 days in advance. The secretary of the Board of Education plans to certify clerks in the elementary school buildings to provide better service for securing these absentee ballots.

Was there a master building plan designed originally by the architects?

The initial plan did not extend beyond the first two additions due to the fact that the initial enrollment projections did not predict a student body larger than 600. A new plan was then developed with the last addition to provide for the completion of the existing building facilities.

What does the bus service have to do with the bond issue?

It has very little to do with the issue itself other than providing \$30,000 for the bus maintenance building. Should this election fail and if an extended day schedule adopted, the bus service then would have to be expanded with considerable additional expense.

How much of the Educational tax rate is being used at the present time?

The maximum Educational tax rate as established by referendum is \$1.07. The rate used last year was \$1.03 and this rate should be slightly reduced for the coming tax year. The Board of Education would like for the present rate to remain indefinitely. Of course, this depends upon enrollments and property valuations.

Why is a new Business Education department necessary?

Our business courses such as typing, shorthand, bookkeeping, office machines, etc. are very popular with this demand outgrowing the present 3 rooms being used. According to the new plans the present Business Education department will be used for the English classes and are so arranged to provide excellent accommodations. At the present time there are 487 students enrolled in business classes.

Why not a 12 months school?

There are three good reasons usually mentioned. 1) The Illinois General Assembly has never provided funds for state aid during summer school. 2) If 4 quarters were used, one-fourth of the student body would be on vacation continuously. 3) Building maintenance and air conditioning would present expensive building problems.

Why is so much money spent for equipment in Vocational Agriculture and Vocational Home Economics?

Both of these programs are partially financed and supported by the federal government. Federal support always brings control and supervision. Certain standards are established and strictly enforced. Approximately one-half of these teachers' salaries is paid by the federal government.

Almost all manufacturers furnish most of the equipment to the Home Economics department without cost or give a considerable discount. Electrical and gas appliances are replaced each year without cost to the school, while sewing machines are sold to the school for a 55% discount.

All vocational equipment is costly, yet very necessary in our community. Actually, only 35% of our graduates go to college and a high percentage of this group fail to finish their college degree.

Will not Providence High school ease the pressure?

Forty five to fifty per cent of our students from St. Joseph's, St. Mary's and St. Jude's attend Catholic high schools. This group of students naturally help to ease the overall problem; however, we always have as many new students moving into the district as there are enrolling in private schools. We also have 8% more moving in than drop out or move away.

The total 8th grade enrollment this year within the L-W district is also 8% more than were in the 7th grades last year.

"All I wanna find out is what kinda nut I am now. I don't want to do anything about it..."

Winners In Punt, Pass Kick Event

The winners of the punt, pass and kick contest held in Frankfort was announced by Ralph Show of Cooper Show Ford. The first place winners in each age group were a NFL warm-up jacket; second place winners received a football helmet and third place winners were given an autographed football.

The boys were tested on their skills in passing and kicking a football. The judges for the contest were August Santoro, attorney for Sangmeister & Santoro; Grant Geuther, insurance broker for Lambrecht Agency;

Howard Osmus, business manager of Hedges Clinis; and James Vanek, salesman for Cooper Show Ford.

The winners in age group seven were Steve Bobzin, first and Michael Eisenbrandt, second. In age group nine the winners were Billy Simpson, first; Kerry Hohlbacher, second; Scott Abraham. Winners in age group ten were Henry Burkett, first; John Nordsell, second; Jim Joyce. In age group eleven the winners were Scott Bruket, first; Jimmy Kohlbacher, second; Kevin Mark Davis, third.

Southwest Villages And Cities Show Big Growth

(CNS) The population in 34 South Suburban townships increased 86.6 per cent by 1960 compared with 1950, according to the Suburban Factbook released by the Northeastern Illinois Metropolitan Area Planning Commission.

In 1960 the population of the 34 South Suburban townships reached 681,609, a gain of 316,440 over the 1950 population of 365,169. During the 1940's only 101,245 persons moved into this area.

Joliet with a population of 66,780 topped 46 South Suburban municipalities in 1960. Joliet numbered 51,601 persons in 1950.

Five south suburban communities more than doubled their population between 1960 and 1950. Park Forest was up to 29,993 in 1960 from 8,138 in 1950; Dolton 18,746 from 5,558; Oak Lawn, 27,471 from 8,751; Lansing, 18,098 from 8,682; and Evergreen Park, 24,178 from 10,531.

Also in the top ten south suburbs were Calumet City, up to 25,000 from 15,799; Harvey, 29,071 from 20,683; Chicago Heights, 34,331 from 24,551; and Blue Island, 19,618 from 17,622.

Other southwest suburbs with their 1960 population were: Markham, 11,704; Summit, 10,374; Worth, 8,196; Robbins, 7,511; Midlothian, 6,605; Tinley

Park, 6,392; Posen, 4,517; Alsip, 3,770; Oak Forest, 3,724; Romeoville, 3,574; Country Club Hills, 5,421; Lemont 3,397; and Orland Park, 2,592.

The rate of population growth ranged from 11.3 per cent for Joliet to 2,331.3 per cent for Romeoville whose population increased from 147 in 1950 to 3,574 in 1960.

Country Club Hills, Romeoville, and Sauk with 27 per cent had the largest population under 5 years, while Blue Island with 11 per cent the largest over 65 years.

Robbins with 99.1 per cent led the area with the largest non-white population followed by East Chicago Heights with 85.9 per cent; Phoenix, 65.3; and Dixmoor, 60.3. Thirty South Suburbs showed a non-white population of less than 0.3 per cent.

Lincoln Lassies 4-H Club Enrolls Two New Members

MRS. EMIL WILLE
Frankfort 5277

The Lincoln Lassies 4-H club held its regular meeting Wednesday, Oct. 17. Elaine Urbano gave a talk on hemming fabrics. Frances Bulanda demonstrated the making of facings. Gloria Kubeck gave a talk on "What does your family need to eat." Carol Jones demonstrated the making of chili. Refreshments were served after the meeting. The workshop meeting was held Wednesday, Nov. 7. Some of the girls had the first lesson in baking a cake. The first year girls in the sewing group studied the book, "Know your Sewing Machine and How to Thread it." Refreshments were served by Karen Bidne and Carol Jenkins. Two new members, Linda Harwood and Mary Flynn were inducted at this meeting.

The Lincoln-Way rural area teachers held their meeting on Monday in New Lenox. Mrs. Charlotte Daugherty represented the Ann Rutledge school at this meeting.

Mr. and Mrs. Charles Jones spent the weekend with the former's mother, Mrs. Maude Blackerby in Summitville, Ind. Mrs. Blackerby was celebrating her 82nd birthday. There

were 20 relatives present from Dayton, Ohio, Lafayette, Ind., and Lincoln Estates.

Mr. and Mrs. Emereth Boyden spent the week-end with Mr. and Mrs. Adam Riggan in Munice, Ind.

Mrs. Emereth Boyden spent three days at the home of her son, Jerry McLean in Gary, Ind. while his wife was in the hospital.

Mrs. E. J. Hermanek of Tampa, Fla. has come to spend about a month with her daughter, Mr. and Mrs. Charles Scheeler and family.

Carol Jones attended the 4-H federation meeting which was held in the Farm Bureau building at Joliet.

Mrs. Charles Jones attended the 4-H leaders food training school which was held in the Farm Bureau building in Kankakee on Tuesday, Nov. 13.

HOMER NEWS

BY ELIZABETH ANDERSON

Funeral services were held Tuesday, Nov. 13, at the Sonntag, Burgess and Wylie Chapel in Joliet for Homer C. Austin, aged 82, who died Nov. 11 at his home in Joliet. The Rev. E. B. Brewster officiated with interment in Brooks Cemetery, Homer Twp.

A native of Homer, he lived his early life here on a farm in the Goodings Grove area. He was a member of the Orland Park Methodist Church. He also lived for many years near Malta, Mont., and for some time has made his home with his sister, Mrs. Hattie Doak, 1123 Cass St., Joliet. Preceding him in death were five brothers, Buel, James, John, Lyman and Albert Austin, Mrs. Doak and several nieces and nephews survive him.

When Paul Filipowicz of Creme Rd. had the misfortune to lose his baseball glove from the family car in Lockport last week, he also had the good fortune of having it found by a "good neighbor," Mr. Jay Anderson of Lockport. He found Paul's name on the glove and contacted the family, so the glove was soon on the owner's hand again. The family are very grateful to Mr. Anderson.

The Northwest Homer Fire Auxiliary met Tuesday evening at the Fire House on 143rd St., and elected officers for the coming year as follows: president, Mrs. Barbara Schultz; vice president, Mrs. Irene Sanazaro; secretary, Mrs. Millie Kiehl; treasurer, Mrs. Esther Jungles; sargeant-at-arms, Mrs. Marje Fisch; liaison officer, Mrs. Jennie Pankow; publicity, Mrs. Evelyn Burcham. The next meeting will be the Christmas party and will be held at the Blue Willow Tea Room on Rte. 7, near Lockport, Tuesday evening, Dec. 11 at 7:30. At this time Secret Pals will be revealed.

George C. (Lysle) Frazer died at Silver Cross Hospital Wednesday evening, Nov. 14, following a heart attack. Funeral services were held at the Goodale Funeral Home at 2:30 p.m. Saturday, with the Rev. J. Stanley Cox officiating. Burial was in Barnett Cemetery.

Mr. Frazer was born in Homer Twp. Nov. 21, 1892, so that he would have been 70 years old on Wednesday of this week. He spent much of his life in Homer Twp., lived for several years in Joliet, and recently has lived on Farrell Rd., on the Lockport-Homer line.

He was the son of the late Mr. and Mrs. John Frazer and his ancestors were among Homer's earliest settlers. He attended Barnett Grade School, Lockport High School and the

University of Illinois. He farmed a few years before being employed by the Texaco Co., where he worked for four years ago. He has been under the doctor's care for some time.

He was a member of the Masonic Lodge, the Lockport Sportsman's Club, the Oil Workers' Union and Homer Congregational Church.

Surviving are his wife, the former Alice White of Joliet; two daughters, Mrs. Janet Nuss of Houston, Tex., and Mrs. Bernice Smith of Joliet; one son David, of Inkster, Mich.; one brother, James, of Homer; 10 grandchildren and several nieces and nephews. He was the brother of the late Mrs. Jessie Trask of Lockport.

The Missionary Society of Homer Church will meet Thursday, Nov. 29, at the Charm Acres Tea Room on Bruce Rd., near Fairmont. Miss Myra Reed and Mrs. L. E. Storm will be the hostesses. Missionary boxes should be brought to this meeting. There will be a business session and devotional program, and a nominating committee will be appointed to select next year's officers. Dessert-coffee will be served at 1 o'clock.

Members of the Northwest Homer Fire Auxiliary are happy to report that the final payment has been made on the department's ambulance. Since no money was allocated for the vehicle, it was entirely paid for by projects, such as dinners,

died while the family lived in Homer. He is survived by his mother, Verna; a brother, Jerry, who resides on Lemont's State Rd. in Homer, and a second brother, Richard, with the U. S. Army. Mr. Anderson was 35 years old and attended Soltzman school as a child. Funeral services were at Mt. Prospect, Ill.

Stricken with the flu germ during the past week were Mr. and Mrs. Henry Rodgers, Jerome Paddock and Mrs. Merrit J. Cagwin.

Bob Burch left Thursday morning for a visit with his brother Ralph and other relatives at Sheldon, Wis.

The diaconate of Homer Church met last Monday evening at the church. Senior Choir rehearsal is held each Wednesday evening and the Junior Choir rehearses each Thursday afternoon after school. The Confirmation Class convenes at 10 o'clock on Saturday morning. Rev. Cox is acting chairman of the Christian Rural Overseas Program (CROP) for this area and badly needs more helpers. Why not offer your assistance?

Members of the Northwest Homer Fire Auxiliary are happy to report that the final payment has been made on the department's ambulance. Since no money was allocated for the vehicle, it was entirely paid for by projects, such as dinners,

dances, etc. The Department furnishes ambulance service to anyone in Northwest district at a nominal charge.

The Auxiliary is now selling pure vanilla as a money-making project.

The group is eager for new members; every woman in the Northwest Homer Fire District is eligible for membership. They meet at the Fire Barn on the second Tuesday of each month at 8 p.m. The next regular meeting will be on Jan. 8, and this is an opportunity to help provide better fire protection and ambulance services for your community.
